## OUR APPROACH TO MEDICAL DAMAGES ANALYSIS

TD&P Consulting, Inc. is a Washington DC, Metropolitan Area health policy and litigation support firm specializing in the analysis of medical damages. Our firm provides advice to patients, litigators, life care planners, and healthcare providers seeking to understand healthcare coverage, benefits design, and how each impact medical costs. TD&P’s approach to damage analysis is calculated to equip clients with useful insights about healthcare, costs, and how it is delivered to patients. Our firm has served as a ‘thought-leader’ on the question of paid rates and reasonable value, and it continues to be instrumental in the discussion about medical damages.
